Sandra Dimeo : A Practical Approach Becoming a Health Care Professional before purchasing it in order to gage whether or not it would be worth my time, and all praised A Practical Approach Becoming a Health Care Professional:

0 of 0 people found the following review helpful. Poorly written book. For a book about professionalism this ...By IrvPoorly written book. For a book about professionalism, this book did not model it well. It was full of typos and vague advice. I only bought it because I needed too for my class with Dimeo and would be surprised if any professors aside from Dimeo herself thought it worth while referencing for any class.0 of 0 people found the following review helpful. Yeah....noBy TonyiannaI'm trying to wrap my head around leadership in nursing school and this book doesn't help. Where's the after chapter summaries and NCLEX practice? If you do have to be tortured by this book, use the online resources. They help!0 of 0 people found the following review helpful. Five StarsBy MomofthreeAs described

This is a complete guide on how to become a health care professional. This book is also meant to be a tool for

professionals as they continue in their own pursuit of lifelong involvement in their chosen healthcare profession, as well as students they will be supervising in the clinical arena. With comprehensive assignments in each chapter, no other resource is needed to succeed as a healthcare professional! Topics include: Health Care Professional Programs;
