**Harry E Vedder : A text book on chiropractic physiology** before purchasing it in order to gage whether or not it would be worth my time, and all praised A text book on chiropractic physiology:

Excerpt from A Text Book on Chiropractic Physiology  
In considering Physiology from a Chiropractic standpoint, there is much that may be said more than is given in any other text book on Physiology. This, because Chiropractic deals with life that has not been dealt with by scientists of the past or any other scientific teaching of the present. About the Publisher  
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)  
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
