**Richard R. Rahr, Salah Ayachi, Bruce R. Niebuhr : Appleton Lange's Quick Review : Physician Assistant** before purchasing it in order to gage whether or not it would be worth my time, and all praised Appleton Lange's Quick Review : Physician Assistant:

0 of 0 people found the following review helpful. WorthlessBy Sea ViewThis is a worthless piece of dung. It was over 10 years old; no good for a review book in medicine.4 of 7 people found the following review helpful. Excellent Prep for PA testBy A CustomerGreat way to QUICKLY focus and prep for the national PA test. I used this book and I just

passed the PA test, even though I had limited time to study. Questions are divided according to the various medical specialties (Peds, ID, GI, etc.) which helps focus your review so you can concentrate on your weak areas, while avoiding wasting your time reviewing questions in your strong specialty areas. 7 of 7 people found the following review helpful. Too many inaccuracies  
By Jerry McCown  
I found too many questions with incorrect answers. I found this book to be frustrating. A book of this type should be carefully proofread and it obviously was not.

This best selling test prep delivers results for students taking Physician Assistant certification or recertification exams. Over 1,000 questions and answers cover all components of the NCCPA exam. All commonly encountered medical and surgical conditions are tested. Includes valuable test-taking strategies and preparation guidelines.
