Tom Palko, Hilda Palko : Appleton Lange's Review for the Medical Assistant before purchasing it in order to gage whether or not it would be worth my time, and all praised Appleton Lange's Review for the Medical Assistant:

0 of 0 people found the following review helpful. good bookBy Lisa GreerHelped me alot with studying for my Certification test. Even though I was out of Medical Assistant school for 13 years. I did pass thetest with the help of this book.0 of 0 people found the following review helpful. Five StarsBy Raven A. VancillI passed my board with this.8 of 8 people found the following review helpful. Appleton Lange's Review for the Medical AssistantBy A CustomerThis review book is very thorough. I recommend it to all of my students for preparation for the AAMA National Certification Exam. The questions are well written and the answers explain not only why one is correct, but the rationale is present for why the others are wrong.

Arkansas Tech Univ., Russellville. Exam review for medical assisting students preparing for the CMA or RMA tests.

More than 1,600 questions. Previous edition: c1994. 3 U.S. contributors. Softcover. DNLN: Allied Health Personnel--examination questions.

From the Back CoverKey Benefit: Designed to help prepare for the Medical Assistant Certifying Exams (CMA and RMA), this comprehensive review book contains over 1600 exam-type questions and answers with detailed explanations. Key Topics: The fifth edition has been revised to reflect recent changes on the exam, and updated to provide the most current information available. The book includes a practice test - which as been expanded to three parts to correspond to the three major exam sections - and a revised section on test-taking strategies. Market: Medical assistants and medical assistant students.
