**Harold T. Edwards, Alvin L Gregg : Applied Phonetics Workbook: A Systematic Approach to Phonetic Transcription** before purchasing it in order to gage whether or not it would be worth my time, and all praised Applied Phonetics Workbook: A Systematic Approach to Phonetic Transcription:

0 of 0 people found the following review helpful. I know the symbol for ooo and aahhhBy MegI bought it for my phonetics class. Great book! Barely needed the reader because this was so helpful. Highly. Recommend for an intro to phonetics and an intro to linguistics course :-)  
1 of 1 people found the following review helpful. UNBELIEVABLEBy ploniThe workbook for phonetics is really good. It has flashcards at the end where you could test yourself and see how well you know the material. It is a really good practice for me. Thank you  
0 of 0 people found the following review helpful. CDs missing!By CustomerThe CDs that are essential to learning this material were missing. I had to get them

elsewhere to complete my tasks.

Becoming proficient in phonetics takes practice, practice, and more practice. The Applied Phonetics Workbook provides just the resources to allow you to practice and hone your transcription skills. The three audio CDs that accompany the workbook provide a wide variety of transcription exercises. Exercises begin at a very basic level and build as your skills improve and develop.
