Louise Lane : Appointment with Danger: Medical Care Can Kill You before purchasing it in order to gage whether or not it would be worth my time, and all praised Appointment with Danger: Medical Care Can Kill You:

0 of 0 people found the following review helpful. This book could save your life!By JimLouise Lane's Appointment With Danger contains much important data and many valuable tips which can keep you healthy and out of the hospital. It also lets you know what to look out for if you must undergo medical treatment. A very valuable book. It encourages the reader to be assertive when dealing with "know-it-all" doctors.

This informative book is intended to educate people about the dangers lurking in doctors

About the Author Louise Lane, M.S., M.A., writes books which are informative and thought provoking. She wrote this book to alert people to doctors' mistakes and medical malpractice.
