Demetria Clark : Aromatherapy and Herbal Remedies for Pregnancy, Birth, and Breastfeeding before purchasing it in order to gage whether or not it would be worth my time, and all praised Aromatherapy and Herbal Remedies for Pregnancy, Birth, and Breastfeeding:

5 of 5 people found the following review helpful. A Must HaveBy AmeeraThis book is a must have for me! It was very beneficial during my pregnancy and it's something I will continue to have on hand and recommend to other

women. Whether you're doing birth work, a first time mom, or not a first time mom-- there is a lot of information and benefit in Demetria's book as usual. Learn how to safely use aromatherapy from the author-- who is a mom, doula, midwife, and all around knowledgeable aromatherapist. She gets it, and wants us to benefit. 1 of 1 people found the following review helpful. I highly recommend it! By Sunshine Doula As a doula and an aromatherapist, this book has been an invaluable reference as I continue to build my materia medica and expand my knowledge of pregnancy-safe remedies. I highly recommend it! 1 of 1 people found the following review helpful. Practical suggestions By Helen Earth Angel Oils Practical suggestions during pregnancy and after.
