**Franklin Hall : Atomic Power with God, Thru Fasting and Prayer** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Atomic Power with God, Thru Fasting and Prayer:

After reading this book, I was 100% ready to go. The problem is there is not enough cautionary information on what to do if you encounter trouble. In my case, I developed intestinal pain, and should have aborted the fast much sooner than I did. It turns out the fast had uncovered problems

with gallstones that were affecting the pancreas and intestines, and ultimately the kidneys. This ended up being no small problem. I would recommend you supplement this book with something like Bill Bright's fasting guidelines, which you can find free online, or actually buy his full book. Between "Atomic" and Bright I think you'll have a more complete preparation going into a major fast. I also think it's a good idea to start slow if you're not used to fasting, or your body is not in great shape, or you're older. Go on a juice fast or a cleansing fast first, see how it goes, and then graduate to a water-only fast. Do it for a short time at first, and carefully gauge how your body is reacting. I am convinced by this book that fasting is a powerful discipline sorely neglected by Christians today. But make sure you go about it safely and correctly. 7 of 7 people found the following review helpful. Fasting? Read This. By Jodi Atomic Power With God Through Fasting and Prayer is a great read for every Christian who seems to keep "going around the mountain." If you want breakthrough, want to draw closer to God, fasting is the key. This book has scripture, advice, and testimonies of what fasting can do for you, spiritually and naturally. 2 of 2 people found the following review helpful. Fasting And prayer book By William This book is the most, greatest book I've ever read. Once you read it, it's all you need to read Concerning Fasting and and Prayer. Writtten in 1946, it's still the best book there is. Written by Franklin Hall, who has several other wonderful book, well there's no other book you'll need. I like it so much I got 2 more, just so I have them. Thanks william

Along with many others of the depression era Franlin Hall grew up in rural poverty and was deeply religious. Initially he was with the Methodist church but their stance against healing forced him elsewhere. During the depression and World War II he travelled as an independent evangelist. In 1946, he published a brief book entitled "Atomic Power with God through Prayer and Fasting." The book, which provided detailed information on the methods and benefits of fasting, was an immediate success and brought Hall considerable fame. According to Hall, all of the major evangelists began following his fasting regime and miracles erupted everywhere. Many observers of the early revival years agreed, as one said, "Every one of these men down through the years followed Franklin Hall's method of fasting."
