Lyle L. Lloyd, Donald R. Fuller, Helen H. Arvidson : Augmentative and Alternative Communication: A Handbook of Principles and Practices before purchasing it in order to gage whether or not it would be worth my time, and all praised Augmentative and Alternative Communication: A Handbook of Principles and Practices:

This is a valuable source of information and reference for the field of augmentative and alternative communication (AAC) in speech-language pathology. This handbook outlines the history and growth of the field from its beginnings a few decades ago to its current status as an integral element in the clinical and educational programs of individuals with severe communication disabilities. Legislation and funding opportunities which influence the provision of AAC

services are presented and discussed along with current legal and ethical issues and future research needs. Speech pathologists, language and communication specialists and therapists.
