From Brand: Springer : Bacteriocins: Ecology and Evolution before purchasing it in order to gage whether or not it would be worth my time, and all praised Bacteriocins: Ecology and Evolution:

Microbes produce an extraordinary array of defense systems. This book tells the fascinating story about the evolutionary histories of bacteriocins and the ecological roles of these biological weapons in microbial communities.

The book makes compelling reading for a multi-faceted scientific audience, including those working in the fields of biodiversity and biotechnology, notably in the human and animal health domain.
