**Kathleen D. Bauer, Carol A. Sokolik : Basic Nutrition Counseling Skill Development** before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Nutrition Counseling Skill Development:

0 of 0 people found the following review helpful. Four StarsBy StevoWell written.0 of 0 people found the following review helpful. Dull as the day is longBy Shay JohnsonThis book doesn't say anything. So redundant. If you are already practicing and working with clients this book has nothing to offer. Dull as the day is long.0 of 0 people found the following review helpful. Good bookBy NaomiI bought this book for a nutrition class and it was an easy read. It also gives you a lot of good tips if you are interested in counseling clients for their nutritonal needs one day in the future. I would definitely recommend it!

This book is a step-by-step guide to the fundamental skills of counseling strategies and protocol, complimented by

action-based worksheets and practical case studies. Bauer and Sokolik's clear, competent style helps readers translate theoretical perspectives on nutrition counseling into actual effective dialogues between client and counselor.

1. PREPARING TO MEET YOUR CLIENT. Counseling Defined. Nutrition Counseling Goals. Theoretical Approaches for Lifestyle Awareness and Management. Overview of Behavior Change Models and Approaches. About the Author Kathleen D. Bauer, Ph.D., R.D., was the founder and has been the director of the Nutrition Counseling Clinic at Montclair State University for more than 10 years. She teaches both undergraduate and graduate nutrition counseling courses. Her applied nutrition counseling experiences extend to wellness programs, fitness centers, hospitals, nursing homes and private practice. A major area of interest has been the development of innovative nutrition education programs and materials for the general public and higher education. Bauer has been director of the dietetics program at Montclair State University for the past 14 years. Carol A. Sokolik, M.S., R.D., was a founder and is currently the director of the Applied Professional Practice Program at Montclair State University. A dietetic consultant to several nursing homes in northern New Jersey, she has applied her nutrition counseling skills in a variety of settings including physicians' offices, nursing homes, and clinical settings.
