Peter Kongstvedt : Best Practices in Medical Management (Managed Health Care Handbook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Practices in Medical Management (Managed Health Care Handbook Series):

A breakthrough publication for medical directors, practitioners, nurse managers, regulators, academicians, and anyone who needs a broad understanding of how managed care actually manages care! In this state-of-the-art resource, you'll find discussion and models for all the processes necessary to develop a fully comprehensive care management program. With 44 chapters covering every aspect of a leading-edge system, and contributions from a top-notch roster of industry leaders, *Best Practices in Medical Management* gives you a firm foundation for success.
