FBCLA FACO : Contact Lenses A-Z, 1e** before purchasing it in order to gage whether or not it would be worth my  
time, and all praised Contact Lenses A-Z, 1e:

This text provides a definitive encyclopaedia of contact lenses from ocular anatomy to instrumentation to complications. Arranged in an A-Z format, it will be an invaluable reference source for the busy practitioner as well as useful study aid for students new to the field.Quick reference A-Z format for ease of useExtensively illustrated in colour throughout to enhance understandingHundreds of terms and definitions detailedThorough explanations enhanced by line diagrams and tables for ready referenceCross-referenced to answer those questions comprehensively

"The book is intended as an aid to students who need a quick explanation of a key term and for practitioners who require rapid access to material in the course of their clinical work. It aims to be a true reference book." *Clinical and Experimental Optometry* 85.5, September 2002
