**Acmq, American College of Medical Quality : Core Curriculum for Medical Quality Management** before purchasing it in order to gage whether or not it would be worth my time, and all praised Core Curriculum for Medical Quality Management:

0 of 1 people found the following review helpful. Very UsefulBy book-a-holicA good tool to use if you work in QI/QA. I would have liked the book to contain more information than it did. Was not as detailed as I expected. I have been able to put it to use. I am a nurse. Work in Infection Control/Quality Assurance.

Addresses the needs of physicians, medical students and other health care professionals for current information about

medical quality management, principles methods, programs, systems and experiences. Presents a true state of the nation assessment of medical quality management and highlight the needs of medicine in the 21st century.
