HCPPro a division of BLR : Core Privileges for AHPs, Third Edition: Develop and Implement Criteria-Based Privileging for Nonphysician Practitioners before purchasing it in order to gage whether or not it would be worth my time, and all praised Core Privileges for AHPs, Third Edition: Develop and Implement Criteria-Based Privileging for Nonphysician Practitioners:

Contributors: Carol S. Cairns, CPMSM, CPCS; Mary J. Hoppa, MD, MBA; Amy Niehaus, CPMSM, CPCS, MBA
Changes in the healthcare delivery landscape and scope-of-practice laws are driving demand for allied health

professionals (AHP). However, creating criteria-based privilege forms for AHPs can be a lengthy process, requiring weeks of searching for applicable competency benchmarks. Core Privileges for AHPs contains completely updated, customizable forms drafted from best practices and reviewed by experts in the field. Create a comprehensive and efficient privileging process that saves valuable time while ensuring the delivery of high-quality care. This book will help you: - Save time with downloadable, customizable sample forms - Have the confidence your forms were created and reviewed by subject matter experts - Provide your medical staff leadership team with valuable information on best practices for AHP 'train-up' and competency assessment
