I am very happy and pleased with the this purchase. I had ordered this book for school. It arrived exactly on time. The quality of the book was in excellent condition. I would say it was actually new and unused when I had orded a used book. I read other reviews and thats how I made my decision. Thank you for this service for those like myself looking for a great deal. Great

service, great price and great quality. I would recommend this for everyone A+!0 of 0 people found the following review helpful. This was a great book.By Shane-oWe had claims that needed to be followed up on and this book helped us locate the right codes to file. This was a great book.

Stay in compliance with code changes each year with the AMA's official coding resource for procedural codes, rules and guidelines.
