11 of 11 people found the following review helpful. CPT Coding Handbook with AnswersBy Theresa A. ValerianoThis book gives a great overall preview of all facets of the medical community and how to apply CPT coding accordingly. The exercises at the end of each chapter are invaluable. Well worth the investment.11 of 11 people found the following review helpful. Good InformationBy Lynette L. ArnettThis book is a good beginner course in CPT. It's refreshing to buy a workbook and actually have the answers in the back for you. I have used it often, and it was a good refresher course for me.

Author is Chair of the Council on Certification. Provides a reference for physicians, hospitals, billing personnel, and coding professionals concerning the structure, use, and application of the CPT coding system for health services. Can

also be used as a textbook for CTP instruction. Includes answer key, edition without answers is not simultaneously published. Softcover.
