0 of 0 people found the following review helpful. Good service By adlyrare book 0 of 1 people found the following review helpful. A decent book By Fariborz updating my review after reading the whole book. the book contains a pretty comprehensive review of the most important aspects of evidence based medicine. a summary at the end of each chapter

would have been helpful. overall, it's a decent book and gives you all of the essentials you need to know about evidence based medicine. I would have given 4 stars if the eBook had been optimized for windows. Unfortunately, it's not possible to zoom in on the tables and graphs on the Kindle App for windows.
