From CRC Press : CRC Handbook of tables for Probability Statistics before purchasing it in order to gage whether or not it would be worth my time, and all praised CRC Handbook of tables for Probability Statistics:

1 of 1 people found the following review helpful. Invaluable for the statistical bookshelfBy Allan KimbleA classic collection of statistical information and tables. Mine is well-worn and is usually the go-to reference even before trying Google. Several technical reports I've written reference this work in the footnotes.0 of 1 people found the following review helpful. Drink Energy Drinks before reading!By MitzdawgNo amount of fibbing can liven this up - this book is so deadly boring it should be registered as a lethal weapon.But the reference library needed it, so...
