Roxanne Howe-Murphy : Deep Coaching: Using the Enneagram as a Catalyst for Profound Change before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deep Coaching: Using the Enneagram as a Catalyst for Profound Change:

0 of 0 people found the following review helpful. Just glanced and read a little from the book. ...By Tommy Stiffarm Just glanced and read a little from the book. Looking forward to delving into the book more deeply especially in reference to the techniques used by author for coaching. 4 of 4 people found the following review helpful. Thanks from someone working with a team of life coaches...By Jocelyn Rahm I work in management at a higher education consulting company with a team of life coaches. I have studied the Enneagram extensively and was thrilled to find Deep Coaching as a resource I could use to bridge coaching and the Enneagram. I reference Deep Coaching many

times throughout the week and it has informed the development work I do with each of my coaches. Roxanne does an amazing job illuminating each type and giving the reader very grounded and tangible ways to use the Enneagram via coaching to further development and growth. Thank you Roxanne for your wisdom, insight and expertise! Jocelyn Rahm 2 of 2 people found the following review helpful. Fantastic Enneagram aid for coaching professionals By Michael Norton I've found this book to be a brilliant tool in helping me to bring the Enneagram into my coaching practice. The book complements the work of Riso and Hudson and The Wisdom of the Enneagram nicely. Roxanne provides lots of new tools and perspectives on the Enneagram that will allow you to better understand how you can pragmatically use the Enneagram with clients.

Coaches passionate about helping their clients break through old limiting patterns to live from a place of expanded and empowering potential will embrace Deep Coaching: Using the Enneagram as a catalyst for profound change. Roxanne Howe-Murphy's groundbreaking Deep Coaching operationalizes the profound teachings of the Enneagram so that coaches can use specific processes, tools and strategies to empower and support the transformation of their clients. The Enneagram framework is rooted in universal elements from most major spiritual traditions without specific dogma. It takes coaches beyond identifying nine dominant personality traits and patterns in their clients to help them stimulate real transformation as they unhook from the beliefs, behaviors and thoughts that are no longer useful. By becoming free to realize their optimum potential, individuals create transformational and sustainable shifts in their personal, interpersonal and work lives.
