This handbook for medical assistants and physician office personnel provides numerous charts for quick referencing. Organized in an easy-to-read chart format, main topic areas include documentation, in-office and telephone assessment, normal lab values, commonly prescribed drugs, and clinical procedures. OB-Gyn and pediatric specialty sections are also included.

About the Author Currently a faculty member at Columbus State Community College, Michelle Heller has worked in health care and health care education for the past 30 years. She has received a variety of "Outstanding Teacher" awards from institutions in which she has taught, and from the Ohio Council of Private Career Schools and Colleges. A frequent presenter and the author of multiple textbooks, Heller has served as both director of education and director of the Medical Assisting Program for the Ohio Institute of Health Careers. She also serves on the ABHES Medical Assisting programmatic accreditation committee. Connie Krebs, CMA-C, BGS, was the senior class instructor and coordinator of the medical assisting program at Fort Hayes Metropolitan Education Center, Columbus City Schools, Columbus, OH. She was certified through the American Association of Medical Assistants in medical assisting and in clinical specialty. She earned her Bachelor's Degree from Ohio University and a teaching certificate from the State of Ohio Department of Education. Connie taught at Fort Hayes Education Center for 18 years and was the school advisor for the National Vocational Technical Honor Society (NVTHS). Connie was involved in the first five editions of the text, workbook and instructor's support materials until her passing.
