**Jane Addams : Democracy and Social Ethics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Democracy and Social Ethics:

1 of 1 people found the following review helpful. A brilliant book. If you've read John Dewey on democracy ...By John WelchA brilliant book. If you've read John Dewey on democracy -- and almost everything Dewey wrote works around some point about democracy -- note that John and Alice Dewey thought with Jane Addams from inside Hull House. That is, this book is Dewey and Dewey's and Tufts' "Ethics" is as much a work by Addams. Can't say where one stops and the other starts, although Jane Addams seems to have explained the ground to Dewey: people, "slums" immigrants, and a "cultural anthropologist's view. She was there first.0 of 0 people found the following review helpful. Addams Visualizes Day-to-Day DemocracyBy MorkJane Addams was an amazing woman - respectful and highly intelligent. Like fellow Pragmatists John Dewey, William James and George Herbert Mead, she maintained that democracy emerges from the People rather than being bestowed on Americans from government (whether benevolent or otherwise). As the founder of Chicago's Hull House, one of the most famous settlements in the US, she met people everyday that had diverse experiences and hopes for their lives. She tells their stories straightforwardly and in a way that allows the reader to clearly see how misinterpretation occurs with and between people. Addams advocates for doing good "with" people as opposed to doing good "for" people, for taking ethical action to ensure that all Americans have a voice in our ongoing democratic conversation.0 of 0 people found the following review helpful. Five StarsBy

V. Wilky Much of this book is still relevant over 100 years after it was written. Worth the read.
