Joyce Green Pastors, Marilyn Arnold, Anne Daly, Marion Franz, Hope Warshaw : Diabetes Nutrition QA for Health Professionals before purchasing it in order to gage whether or not it would be worth my time, and all praised Diabetes Nutrition QA for Health Professionals:

3 of 4 people found the following review helpful. From snacking and sugars to protein restrictionsBy Midwest Book ReviewThe number one topic on the minds of most diabetics is food - and the most puzzling questions on what and how to eat come from the diabetic experience. Diabetes Nutrition QA For Health Professionals surveys a range of issues for health professionals, from snacking and sugars to protein restrictions and the effectiveness of dieting versus

exercise. An excellent manual of common areas of confusion for diabetics.

This clear and concise compilation of practical tips for health care providers covers macronutrients, supplements, meal planning, obesity, nutrition principles, and more.
