Bernadette F. Rodak MS MLS : Diagnostic Hematology, 1e before purchasing it in order to gage whether or not it would be worth my time, and all praised Diagnostic Hematology, 1e:

Comprehensive and complete, covering hematology, hemostasis, phlebotomy, instrumentation, basic cytogenetics, body fluids, and more. The material is enhanced through the inclusion of over 330 color illustrations, chapter objectives, outlines, chapter summaries, review questions, and case studies.
