From Brand: Nova Science Pub Inc : Diet Therapy Research Trends before purchasing it in order to gauge whether or not it would be worth my time, and all praised Diet Therapy Research Trends:

Nutrition research has moved from a field often associated with personal preferences in what food we consume to a field closely connected with medicine and health in ways never before considered. In fact, nutrition may be the least

understood yet most crucial field of biology and medicine. Diet therapy deals with actions designed to counter or prevent disease. This book presents important new research in the field.
