By Mavis Santana Was highly recommended to me in school by every instructor and I can see why. The algorithms allow you to quickly assess pretty much every presentation that might walk into your office. 0 of 0 people found the following review helpful. Great differential diagnosis book By Nicholas A. Hightower Great differential diagnosis book. I lost my original copy in my move after graduating, and I had to replace this one because it is so

valuable and useful. 0 of 0 people found the following review helpful. amazing book! By Rouzbeh Noroozy This book has a great outline of the diagnosis you can encounter with your patients in the office! Great for any therapist or Chiropractic student

The third edition of this best selling reference maintains its goal of helping the practitioner evaluate a patient's complaint in the context of a chiropractor's scope of practice.
