Barbara P Hamann, Barbara Hamann : Disease: Identification, Prevention and Control with PowerWeb: Health and Human Performance before purchasing it in order to gage whether or not it would be worth my time, and all praised Disease: Identification, Prevention and Control with PowerWeb: Health and Human Performance:

This text presents current information about communicable and chronic diseases and their histories from a nonclinical point of view. Including an overview of the principles of disease occurrence and of the body's defenses, this text provides details and stimulating information regarding the body's vulnerability to disease.

About the AuthorDr. Hamann recently retired as Coordinator of Academic Programs in Health at the UW-Superior

and has a PhD from the University of Minnesota in School Health Education with a minor in Public Health. She has over 30 years of experience teaching health education and introduced a course at the UW Superior on infectious and non-infectious diseases for students who are going into education, corporate health promotion or Community Health.
