Sharon Eagle RN MSN FNP : Diseases in a Flash!: An Interactive, Flash-Card Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised Diseases in a Flash!: An Interactive, Flash-Card Approach:

0 of 0 people found the following review helpful. Not impressedBy Minnesota MegDidn't come with the flash cards and wasn't impressed with the correlating book. Returned it.0 of 0 people found the following review helpful. Excellent Resource TextbookBy DeeThis a great resource book to have. I love that the flash cards come with it and that I can access a lot of information online. Package came as promised, brand new and never used for less. This is a great tool to use when studying Billing/Coding, Health Unit Coordinator, Medical Admin/Clinical Assistant, etc. Very happy with the textbook!0 of 0 people found the following review helpful. Five StarsBy Silkyexcellent

Master the basics of diseases in a flash! A multi-media, interactive approach makes learning fun and easy in any

setting. This unique package of text, flash cards, and interactive exercises online at DavisPlus provides all of the elements needed to build a basic understanding of more than 430 diseases and disorders. A clear, friendly writing style breaks complex topics into manageable sections. Inside you'll find crucial coverage of each disease, including a brief description, ICD-9 code, signs and symptoms, etiology, diagnosis, treatment, and prognosis. And it's perfect for all learning styles!
