**Catherine G. Page : Management in Physical Therapy Practices** before purchasing it in order to gage whether or not it would be worth my time, and all praised Management in Physical Therapy Practices:

0 of 0 people found the following review helpful. Five StarsBy Kristen WellsOrdered it for school0 of 2 people found the following review helpful. Very Opinionated AuthorBy Pen NameNot worth purchasing the book. I did not learn anything but what the teacher wanted in a feasibly study, since she wrote the book....Wish I never wasted on my money. I never seen a book geared to a teacher's needs.

Here is the physical therapy management book you have been looking for. Written in an engaging experiential style, this three-part text will prepare you to effectively manage your responsibilities as a therapist and to take your first steps as a manager.Yoursquo;ll begin with a brief, yet broad foundation of basic management theories and an overview of the U.S. health care system. Section 2 addresses the major responsibilities of all physical therapist managers in all settings of practice. Section 3 devotes a chapter to each of the practice setting and addresses the unique

managerial challenges found in each.
