**Ina Simnett : Managing Health Promotion: Developing Healthy Organizations and Communities** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managing Health Promotion: Developing Healthy Organizations and Communities:

This is a practical guide for the management of health care and health promotion. It will provide managers who are involved in this area with specific guidelines to enable them to design programs, adapt to new circumstances, and

modify their approach to maintain success. Containing examples, case studies, and questions, this reference explains this increasingly relevant area of health care.
