The writing style is scholarly but still clear to the novice in the field, not written for obscurity as some texts seem

to do. Although it is accessible to me as a student, still I anticipate keeping this book for future reference in my career. The layout of the chapters is sensible. Information is easy to find. Definitely a worthwhile book for my professional shelf. The only reason for the 4 stars is the terribly poor binding. With very gentle use over only a few weeks, the binding has basically disintegrated. 1 of 1 people found the following review helpful. Great book and very easy to understand the concepts By T. Peterson Used this for a class for Speech Path. Great book and very easy to understand the concepts! Highly recommend if you are interested in being in the medical field of Speech.
