Nancy Helm-Estabrooks, Martin L. Albert : Manual of Aphasia and Aphasia Therapy before purchasing it in order to gage whether or not it would be worth my time, and all praised Manual of Aphasia and Aphasia Therapy:

0 of 0 people found the following review helpful. Five StarsBy Susan WingateVery helpful. Highly technical and informative.0 of 0 people found the following review helpful. Three StarsBy CustomerI do like it a lot because it has older treatments but it is a 1999 book.0 of 0 people found the following review helpful. H-E: AphasiaBy O. WilliamsI really like this book and i would recommend it to others. Very thorough, concise, and helpful as well. A great resource to have.

Completely rewritten chapters and new chapters carry this book into the new century by discussing in detail both functionally-motivated and high-tech approaches to assessment and rehabilitation of aphasia.
