Edward S. Bennett OD MEd, Milton M. Hom OD FAAO : Manual of Gas Permeable Contact Lenses, 2e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Manual of Gas Permeable Contact Lenses, 2e:

This is a concise but comprehensive coverage of the prescribing and fitting of rigid gas-permeable contact lenses. Includes a CD-ROM of videos illustrating fitting techniques and a laminated page of fitting calculations. Content focuses specifically on rigid gas permeable contact lenses so all the essential information needed for prescribing and fitting is in one, convenient resource. A companion CD-ROM illustrates the difficult fitting techniques encountered with RGPs.
