**Moya L. Andrews : Manual of Voice Treatment: Pediatrics Through Geriatrics (Clinical Competence)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Manual of Voice Treatment: Pediatrics Through Geriatrics (Clinical Competence):

0 of 0 people found the following review helpful. Five Stars By Customer arrived as expected. very informative. 0 of 0 people found the following review helpful. Good book, reached on time. By dial1010usa Good book, reached on time.

Presents "hands-on" information on the clinical assessment and management of voice disorders in children, adults and older adults. This book should be of interest to speech and language therapists.

"This book can be used to help create competent clinicians who know the current body of knowledge in the profession; have the ability to add continuously to that clinical knowledge; and can apply it in their appraisal, diagnosis and treatment of voice disorders." - ADVANCE for Speech-Language Pathologists and Audiologists "Highly useful as a clinical reference for practicing clinicians." - Doody's Health Sciences Book Journal About the Author Moya L. Andrews Ed.D. is a Professor of Speech and Hearing Sciences and Vice Chancellor for Academic Affairs and Dean of the Faculties at Indiana University, Bloomington. Dr. Andrews was born in Australia and received her bachelor's

degree from the University of Queensland in Brisbane. Her master's degree is from the University of California at Santa Barbara, and her doctorate is from Teacher's College, Columbia University, New York City. She is certified, licensed speech-language pathologist and a Fellow of the American Speech-Language-Hearing Association and of the Society of Ear, Nose, and Throat Advances in Children. She has worked in schools, clinics, and hospitals in Australia, Great Britain, and the United States and is a popular presenter of seminars here and abroad. Her publications include numerous research journal articles, therapy protocols, and *Manual of Voice Treatment: Pediatrics Through Geriatrics*, 2E, published by Singular Thomson Learning. She has received the Outstanding Clinician Award from the Indiana Speech-Language-Hearing Association, and the Distinguished Scholar Award from Indiana University's Office of Women's Affairs in Bloomington. She serves on the editorial board of the *Journal of Voice*.
