**Karen Beeton Mphity Bsc(Hons) MCSP : Manual Therapy Masterclasses-The Vertebral Column, 1e (Manual Therapy Masterclasses S)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Manual Therapy Masterclasses-The Vertebral Column, 1e (Manual Therapy Masterclasses S):

A collection of commissioned Masterclass articles originally published in the journal Manual Therapy in the years 1995 - 2002. The collection has been compiled and edited and includes updating postscripts to the original papers in which the original authors summarise the developments in their related research and clinical practice which have taken

place since the papers were first published. Brings together classic papers by experts in the field that--- until now--- were only available in separate issues of the journal *Manual Therapy*. Includes updates by the original authors. Designed for frequent use and clinical reference.
