Arockia Doss, Matthew J. Bull, Alan Sprigg, Paul D. Griffiths : MCQ Companion to Applied Radiological Anatomy before purchasing it in order to gage whether or not it would be worth my time, and all praised MCQ Companion to Applied Radiological Anatomy:

This revision aid will be of great practical benefit to all radiology trainees studying for their professional examinations. The carefully structured questions and answers will enable trainees to undertake a systematic assessment of their knowledge, as well as highlighting areas where additional revision is required. Developed to complement its highly

illustrated parent text, Applied Radiological Anatomy, both books can be used together or independently of one another. The choice of questions are relevant and useful for radiology trainees world-wide.
