The best-selling MDS 3.0 RAI User's Manual includes CMS' most recent updates, effective October 1. Some of these updates include a clarification to change of therapy related to discharge dates and a pre-certification rules clarification related to completion and submission of OBRA assessments. This current version also includes an October 2015 footer on each page and the Table of Contents no longer lists different version numbers for each chapter/section. In addition, CMS made a number of formatting corrections to ensure that RAI User's Manual v1.13 meets the

accessibility requirements of Section 508 of the Rehabilitation Act, especially in Appendix C and Chapter 3 pages with 'definition boxes.' Purchasing a copy of this updated MDS 3.0 RAI User's Manual will help you: - Remain compliant and informed with the latest updates, effective October 2015 - Complete the MDS using the government's word-for-word instructions - Save money with this budget-friendly alternative to other manuals on the market - Complete assessments, ensure proper reimbursement, and provide quality care for your residents
