Cheryl L. Damberg, Melony E. Sorbero, Susan L. Lovejoy, Grant Martsof, Laura Raaen, Daniel Mandel : **Measuring Success in Health Care Value-Based Purchasing Programs: Summary and Recommendations** before purchasing it in order to gage whether or not it would be worth my time, and all praised Measuring Success in Health Care Value-Based Purchasing Programs: Summary and Recommendations:

Value-based purchasing (VBP) refers to a broad set of performance-based payment strategies that link financial

incentives to health care providers' performance on a set of defined measures in an effort to achieve better value. This report summarizes the current state of knowledge about VBP programs and offers recommendations for the design, implementation, and monitoring and evaluation of VBP programs.

About the Author Cheryl Damberg (Ph.D., RAND Graduate School of Policy Studies) is a Health Policy Fellow. Research interests include employment-based health insurance, health care reform, quality of care, health promotion/disease prevention.
