9 of 9 people found the following review helpful. Great book to study for the examBy Heather PGreat book to study for the exam. I only used this book to study and passed. It does have practice tests throughout the book to let you know what you should study more on. I took the exam almost a year after graduation.22 of 24 people found the following review helpful. I passed my examBy LuluSaThis is a great review book to have for the Medical Assistant exam. I took mine this week and I passed. It covers all the topics from anatomy to law that you need to know for the exam. It has a practice exam that is 300 questions. I also bought an online practice exam for an additional 300 questions (you can

google for purchase of online practice exams). I think the review book in combination of the 600 exam questions that I practiced on really helped as I only had 2 weeks to prepare before taking the exam. It will also be helpful if you write down the prefix/word root/suffix that you don't know on flashcards and memorize them as I find it extremely helpful since I can't remember every medical terms and those latin prefix/word root/suffix come in handy when I had to take the real exam. Good luck!8 of 8 people found the following review helpful. read and study with timeBy Majida Panfill read this book along with another medical assistant book and took practice exams over and over. I passed on first try. Book was a jem
