**Sharon Hollander : Medical Billing Horror Stories** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Billing Horror Stories:

1 of 1 people found the following review helpful. Must ReadBy DrGalaifEven though I am in the Dental field, I found this book to be informative and entertaining. I enjoyed the anecdotes and learning the insights of the do's and don'ts for medical billing. I was surprised by the severity of the penalties for the simplest errors. Additionally, learning about the pitfalls of billing as a concierge practitioner was interesting and guiding. After reading this book, I definitely

recommended it as a must read for every physician who is thinking of or doing their own insurance billing.0 of 0  
people found the following review helpful. Three StarsBy Leo BattenhausenFair account. A bit slow reading at times.0  
of 0 people found the following review helpful. Four StarsBy Theodore N. Haritoneducational as well as entertaining--  
written by someone that knows the field

Anecdotes and real case studies ripped from the headlines about what doctors did which got them into trouble either with Medicare, HIPAA, The Office of Inspector General (OIG) or worse the FBI. The case studies are true stories of medical professionals: Some are about providers just like you trying to navigate the complex maze of the medical billing process. This guide will help you recognize the red flags and triggers so you can avoid a Medicare Audit. Learn about common problems that plague medical practices. Discover what your peers have done right and what they have done wrong. Avoid the costly billing mistakes and practice mismanagement showcased in Medical Billing Horror Stories. With the changes, challenges and uncertainties facing the Healthcare industry you can't afford to miss this information. If you submit even one claim for reimbursement this is a must read!

From the AuthorThis book will provide a true insight into what is going on with physicians and the healthcare system in the US. It was written to educate and provide practical steps needed to avoid a Medicare audit, and or scrutiny from the array of regulators that oversee physicians in their billing practices.About the AuthorSharon Hollander is an author, entrepreneur, and ahealthcare consultant in the area of practice managementfor over 30 years.
