Joan Richards, Jim Keogh : Medical Charting Demystified before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Charting Demystified:

3 of 3 people found the following review helpful. Nothing new. By Vivian K. Cherry This book was ok, if you know nothing about charting in the first place. I was hoping it could give me some pointers on better charting, which it did not. 0 of 0 people found the following review helpful. MEDICAL CHARTING By Renee L Woods Love all the Dymystified Books they are amazing and break everything down for you...they have been a great source of knowledge for me 0 of 0 people found the following review helpful. Help for the novice By Rudy Informative text. Goods points to keep in mind for nurses. The book is geared to the novice nurse, but still helpful.
