**Leah A Grebner Director Health Information, Angela Suarez : Medical Coding: Understanding ICD-10-CM and ICD-10-PCS** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Coding: Understanding ICD-10-CM and ICD-10-PCS:

0 of 0 people found the following review helpful. Useless for my courseBy NandoMY fault for not reading description well enough to realize it didn't come with associated computer program access code. Useless for my course.0 of 1 people found the following review helpful. Study Guide for ICD-10.By kphsilverGood review for upcoming transition to ICD-10 (if the our government allows it--who knows these days).0 of 1 people found the following review helpful. Four StarsBy vernell pattersonhelpful

Don't fear the transition to ICD-10. Understand it. Medical Coding: Understanding ICD-10-CM and ICD-10-PCS is a comprehensive walkthrough of the new ICD-10-CM and ICD-10-PCS coding systems for coders in every part of

healthcare. It covers the fundamentals of medical coding, billing, and documentation, essential to understanding the importance of code selection. In-depth chapters on body systems, signs and symptoms, injuries, and health status provide the full picture of diagnosis coding, preparing coders for ICD-10's new guidelines, terminology, and sequencing. Chapters on the brand-new format of ICD-10-PCS have you covered for the evolution in hospital coding. Looking for even more practice? Don't miss the Medical Coding Workbook for Physician Practices and Facilities: ICD-10 Edition (Newby). It spotlights the basics of ICD-10 coding and provides many opportunities for practice and mastery.
