From Brand: CRC Press : Medical Device Packaging Handbook, Second Edition, Revised and Expanded (Packaging and Converting Technology) before purchasing it in order to gauge whether or not it would be worth my

time, and all praised Medical Device Packaging Handbook, Second Edition, Revised and Expanded (Packaging and Converting Technology):

1 of 1 people found the following review helpful. Four StarsBy Raymond SeowVery good

This volume details current developments in industry practices and standards relating to medical device packaging. This edition offers entirely new as well as revised chapters on packaging materials, package validation and methods and integrity testing, bar-coding technology, environmentally sound packaging and disposal procedures, storage autoclave systems, international standards, customer needs, regulatory aspects, and more.
