Richard C. Fries : Medical Device Quality Assurance and Regulatory Compliance before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Device Quality Assurance and Regulatory Compliance:

1 of 1 people found the following review helpful. Overpriced and underwelmedBy Alan FryerTypically I like succinct

books but I see little value in this book considering it's price. Just too brief in it's overviews.0 of 1 people found the following review helpful. Five StarsBy George Gary CalafactorGreat product seller!

"Acquaints developers of medical devices with the basic concepts and major issues of medical quality assurance and regulatory documents, describes the requirements listed in these documents, and provides strategies for compliance with these requirements."
