Three StarsBy CustomerRented this for class and it contained markings throughout the text.. other than that it was okay !1 of 1 people found the following review helpful. Exactly what it looks like in the pictureBy janyyyI loved my text book, was perfect and new. Helped me pass the class with an A :) This book is also cheaper on then any book store.

Updated for the latest knowledge and practice standards, MEDICAL EMERGENCIES: ESSENTIALS FOR THE

DENTAL PROFESSIONAL, 2/e thoroughly discusses the essential elements of 30 different medical emergencies dental professionals may encounter, including etiology, signs, symptoms and treatment. It presents case scenarios and resolutions designed to promote critical thinking and problem solving; demonstrates the importance medical histories and vital signs in preventing emergencies; and guides students in developing appropriate medical emergency kits. Case Scenarios and Case Resolutions promote critical thinking skills Critical thinking is in the previous sentence, and easy-to-follow Treatment Flow Charts walk students visually through emergency procedures. Easy-to-use tables present the Signs Symptoms of each emergency, and an At-A-Glance table summarizes the essentials of all emergencies. Student practice tests are now offered online, and extensive instructor support materials are available, including PowerPoint presentations for each chapter.
