Lionel A. Varnadoe : Medical Laboratory Management and Supervision: Operations, Review, and Study Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Laboratory Management and Supervision: Operations, Review, and Study Guide:

0 of 0 people found the following review helpful. Waste of moneyBy CoronaboneI studied this book before the ASCP exam for lab management diplomat. The book says it is a "study guide" for the exam. The exam and the book are compleat different, nothing in the book was on the exam. Do not waste your money.24 of 27 people found the following review helpful. A good review for managment certification examsBy A CustomerI used this as my sole source for the ASCP DLM certification exam and found it to be an excellent source of information in a concise manner. Nothing new here, but an excellent review1 of 3 people found the following review helpful. The new edition

is betterBy BorisI give this only 4 stars because the new 2nd edition is better.

Lawnwood Regional Medical Center, Ft. Pierce, FL. Text for experienced laboratory technicians/technologists with no managerial experience on the administrative and management aspects of running a laboratory. Includes exam-type study questions with answers.
