**Bonnie F. Fremgen : Medical Law and Ethics (4th Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Law and Ethics (4th Edition):

0 of 0 people found the following review helpful. Easy to read and informative-should have gotten fourth editionBy CeliaGood simple book on the laws concerning medicine. The only problem I had is that I bought the fifth edition and the course I was using it for was user the fourth edition which I could have bought for much less.0 of 0 people found the following review helpful. Informative bookBy james e harris iiiThis book is very detailed and very concise. There are not any spelling or grammatical mistakes. It covers everything about medical law and ethics and is up to date.1 of 1 people found the following review helpful. Informative TextbookBy FantasyGirlI had to read this for my Medical Record class. The title pretty much speaks for itself...it explains the HIPPA, OSHA, and other government-regulated laws that medical professionals must follow. Each chapter starts with a story about an ethical situations that challenges readers to decide what they would have done in the situation. There are also questions and discussion guides at the end of each chapter. It is a useful textbook for one who needs to know the legal aspects of the medical field.

This is a complete, accessible, and up-to-date guide to the law and ethics of healthcare. Written for health professionals of all kinds not lawyers **MEDICAL LAW AND ETHICS**, 4/e covers the full spectrum of topics that affect practice. Fully updated coverage includes: the legal system, professional liability and medical malpractice, physicians responsibilities, medical records, ethical and bioethical issues, and current regulations. Actual legal cases illuminate subjects ranging from patient confidentiality and abortion to death and dying. Exclusive Med Tips provide quick scenarios and guidance about law and ethics. Each chapter contains glossary terms, exercises, and an actual case; appendices provide current sample codes of ethics.
