**Kathleen S. Blevins PhD MLS(ASCP) CLS(NCA), Martha E. Kern MD DA MLS(ASCP) CLS(NCA) : Medical Mycology: A Self-Instructional Text** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Mycology: A Self-Instructional Text:

Each of the seven modules includes prerequisites, content outline, objectives, follow-up activities, references, and self-study examinations Teaches proper laboratory practice and presents the biology and physiology of fungi, describing the epidemiology of fungal infections, defining fungal disease states, and emphasizing laboratory identification of fungi based on body sites Test protocols and reagent recipes are highlighted in each module Information about AIDS and immunocompromised patients has been added to the pertinent disease descriptions, following the discussion of causative organisms Module 2 includes common techniques for fungal culture preservation, DNA testing for rapid

identification, and antifungal therapeutics
