**Carlene Harrison : Medical Office Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Office Handbook:

0 of 0 people found the following review helpful. PerfectBy CrystalPerfect desktop companion.0 of 0 people found the following review helpful. The book came as I expected it would. It ...By Patti ImpensThe book came as I expected it would. It had some wear and tear from use as stated in the description. It has come in handy and I use it often for my current college class. I would buy from this seller again.1 of 1 people found the following review helpful. I was disappointed.By Kim WilsonI thought it rather expensive for such a small book. Very basic. Not meant for experienced managers. Some information was nice as a refresher.

The Medical Office Handbook provides readers with a handy resource for both the student on their externship or going to their first job, as well as the seasoned professional who has been in the medical office for years. The medical office is a busy place with many day-to-day challenges. Each chapter of the Handbook was written to provide the reader with

a practical summary of the critical information they need to know. Sample forms, checklists and letters, as well as resources for more information are included.
