Betsy J. Shiland : Medical Terminology Anatomy for ICD-10 Coding - Text and Elsevier Adaptive Learning Package, 3e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Medical Terminology Anatomy for ICD-10 Coding - Text and Elsevier Adaptive Learning Package, 3e:

0 of 0 people found the following review helpful. Excellent Med Term/AP book for codersBy LADYGI absolutely love this book. I had the second edition and so I had to get the third. It has an extra chapter and to me it was worth buying. This is an excellent book for coders. Plus, I believe this one has extra nuggets for CPT and the 2nd edition didn't.0 of 0 people found the following review helpful. Great learning tool!By demetra McknightThis book is everything I expected and it is helping me prepare for the my medical coding course and exam!

Corresponding chapter-by-chapter to Medical Terminology Anatomy for Coding, 3rd Edition, Elsevier Adaptive Learning combines the power of brain science with sophisticated, patented Cerego algorithms to help you learn faster and remember longer. It's fun; it's engaging; and it's constantly tracking your performance and adapting to deliver content precisely when it's needed to ensure core information is transformed into lasting knowledge. An individual study schedule reduces cognitive workload and helps you become a more effective learner by automatically guiding the learning and review process. The mobile app offers a seamless learning experience between your smartphone and the web with your memory profile maintained and managed in the cloud. UNIQUE! Your memory strength is profiled at the course, chapter, and item level to identify personal learning and forgetting patterns. UNIQUE! Material is re-presented just before you would naturally forget it to counteract memory decay. A personalized learning pathway is established based on your learning profile, memory map, and time required to demonstrate information mastery. The comprehensive student dashboard allows you to view your personal learning progress.
